Papella Enzyme Glow Scrub

brighten+buff

Product Overview

a gentle exfoliator with papaya enzymes and fruit seeds from papaya to unclog pores and remove deadskin cells, leaving your skin smooth ,soft and radiant.

Ingredients

papaya extract helps with breaking down dead skin cells and gently exfoliates, mostly promoting skin regeneration.

brown sugar stimulates circulation which assists the skin tone and texture.

activated charcoal deep cleans pores and toxins essentially removing whiteheads and blackheads.

hyaluronic acid keeps the skin hydrated and prevents it from becoming dry.

coconut oil helps with nourishing and soothing the skin.

vitamin c is known for fading dark spots and helps the skin from environmental damage.

Benefits of the product

Benefits of the Papella Exfoliating Scrub:

Exfoliation: removes dead skin cells, revealing smoother, fresher skin.

Dark Spot Reduction: Papaya and vitamin C help with lightening hyperpigmentation and even out skin tone.

Whitehead & Blackhead Removal: the mixture of exfoliation and activated charcoal unclogs pores and helps reduce the appearance of whiteheads.

Makeup Prep: whilst exfoliating and removing dead skin, the scrub creates a smooth, clean base for makeup application, ensuring a flawless finish with plump skin.

Skin Brightening: Vitamin C and papaya play a huge role in extraction , brighten the skin and improve overall complexion.

Hydration: After exfoliation, papella scrub hydrating ingredients (like hyaluronic acid and oils) ensures the skin stays moisturized!

Motivation:

Our papella scrub gently removes dead skin cells, ensures to brightens dull areas, reduces dark spots, and unclogs pores making it perfect for prepping your skin before makeup. It's the glow your skin has been waiting for.
